# 1 exp.1.01___Borrelia___0.07-baq/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
2 exp.1.02___Borrelia___0.07/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

3 exp.1.03___Borrelia___0.07-ococo32/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

4   exp.1.04___Borrelia___0.07-ococo16/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
5 exp.1.05___Borrelia___0.07-delstats/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

6   exp.1.06___Borrelia___0.07-indels/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

7 exp.1.07___Borrelia___0.07-delstats-baq/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
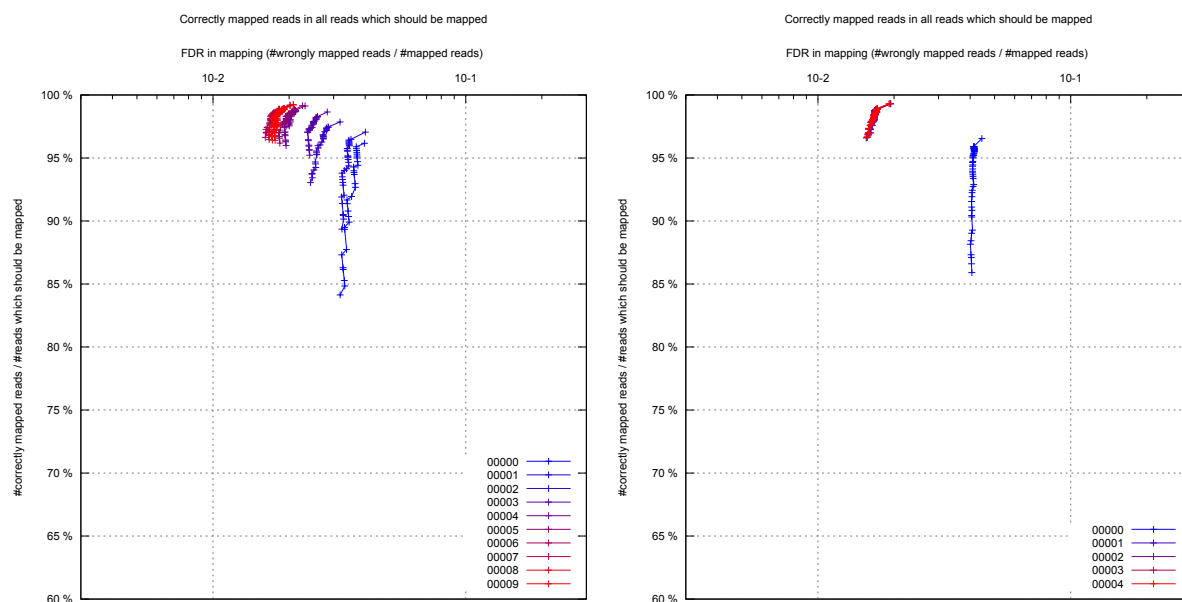

8   exp.1.08___Borrelia___0.07-dels/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

9 exp.1.09___Borrelia___0.07-bowtie2/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

# 10   exp.1.10___Borrelia___0.07-ins/

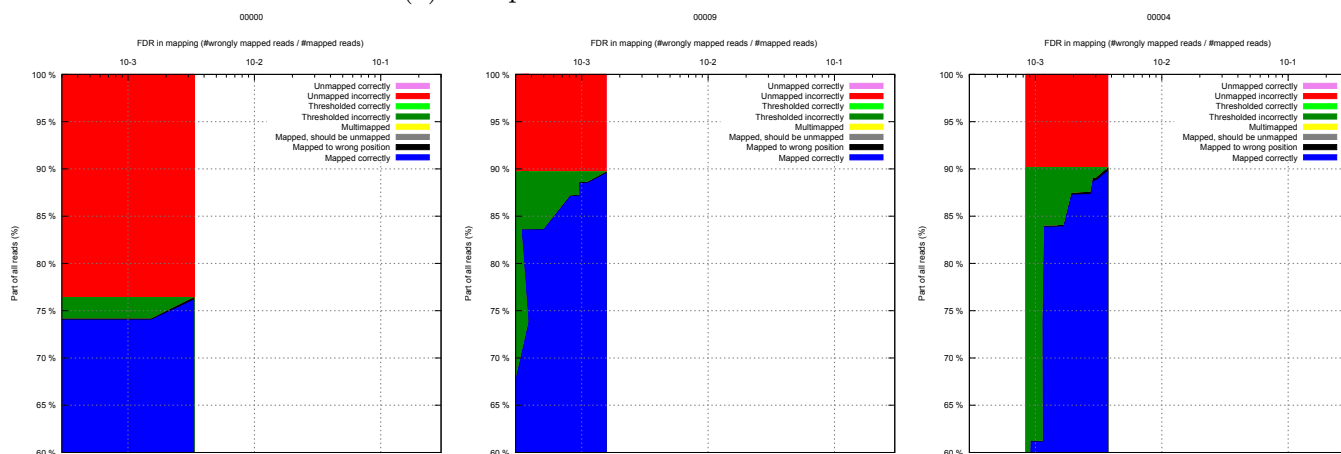

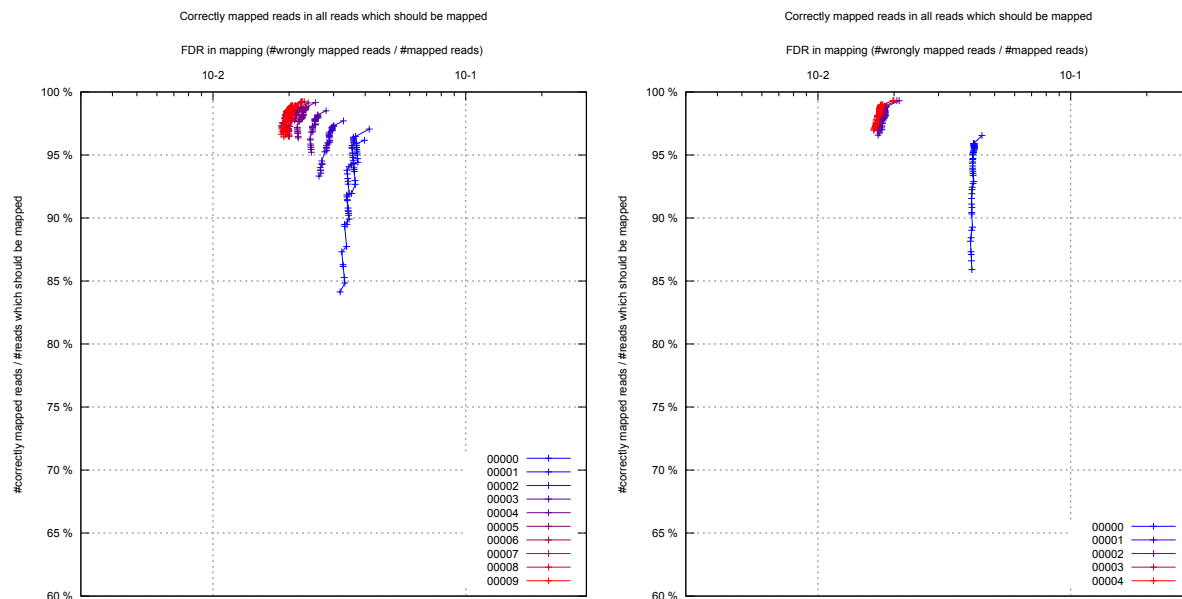

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

# 11   exp.1.11___Borrelia___0.07-ococo16-noremap/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
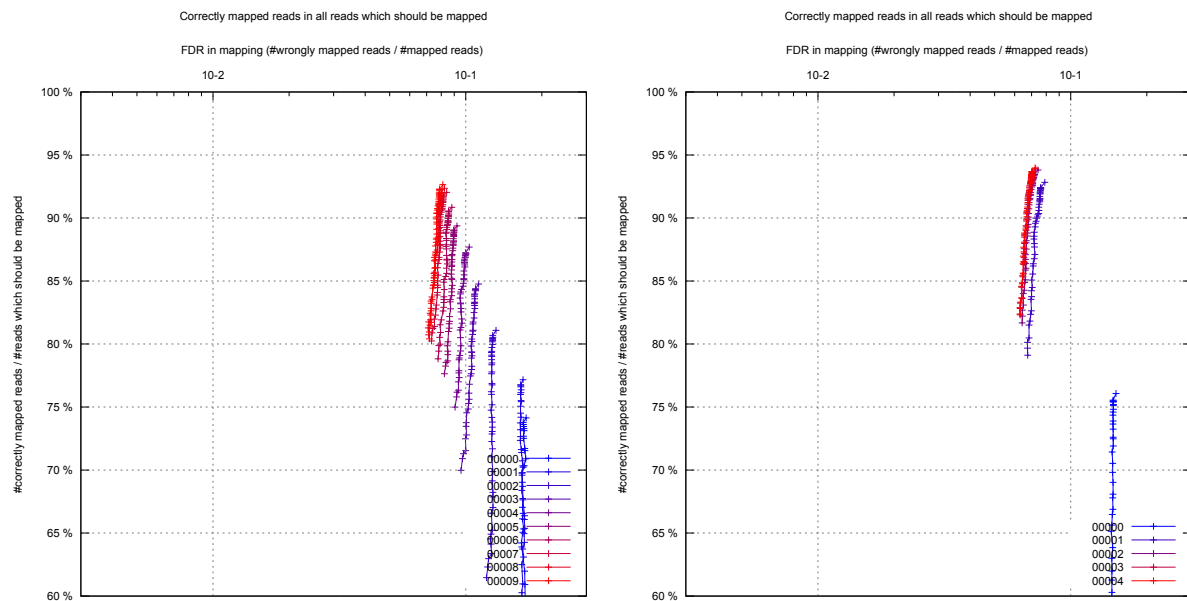

12   exp.1.12___Borrelia___0.11/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

13   exp.1.13___Borrelia___0.13/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
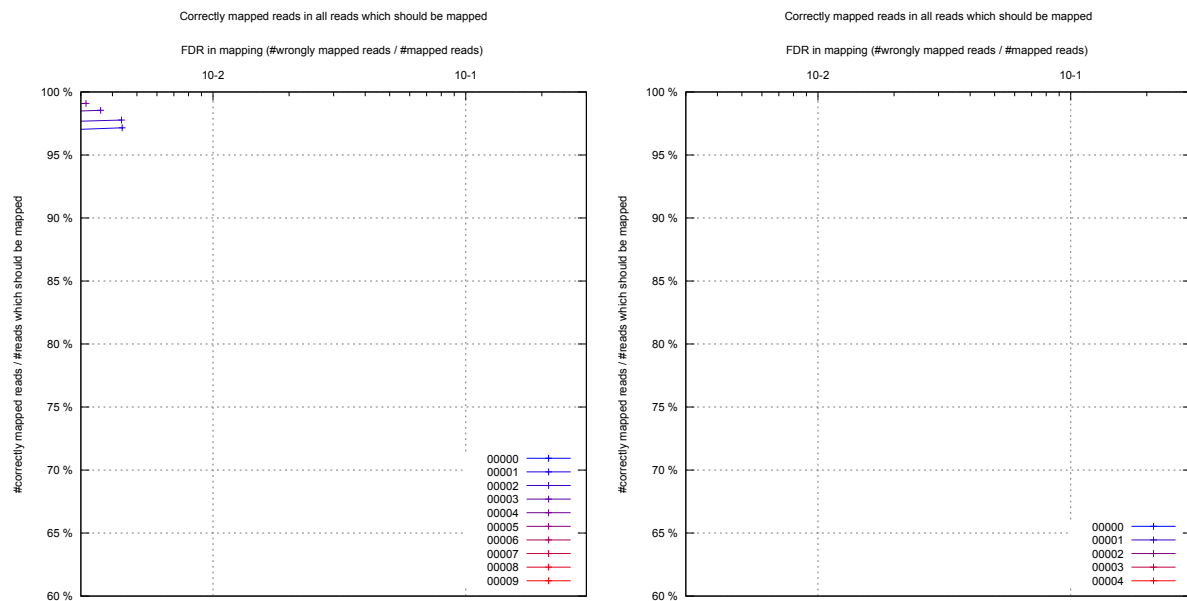

14   exp.1.14___Borrelia___0.15/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

15 exp.1.15___Borrelia___0.07-delta500/

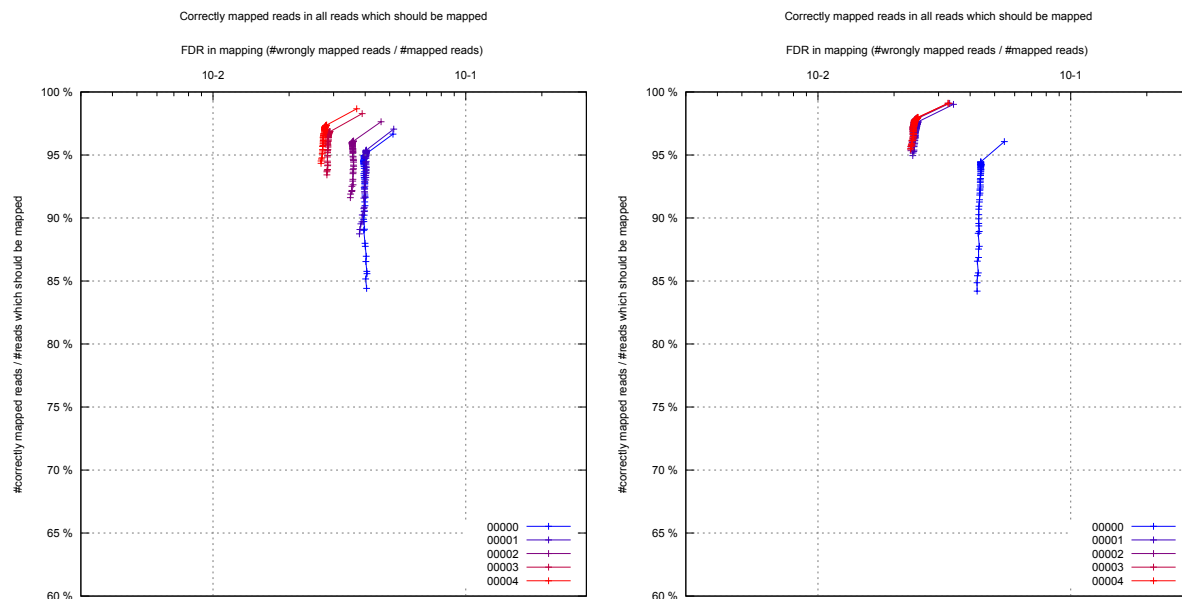

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

# 16   exp.2.04___Tuberculosis___0.07-ococo16/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.

17 exp.2.06___Tuberculosis___0.07-indels/

(a) Comparison of all iterations.

(b) Improvement of alignment using dynamic mapping and iterative referencing.
